**GPX LAUNCHES FOUR SLEEK
UNDER-CABINET ENTERTAINMENT SYSTEMS AT CES 2007**

Booth #10436 is Showplace for Two Radio and Two Radio/TV Units

St. Louis, Missouri – January 8, 2007 - GPX, a premier designer and manufacturer of the consumer electronics industry's most popular and feature-driven audio and video products and a brand division of Digital Products International (DPI, Inc), is showing its new under-cabinet product line-up at this week's 2007 International Consumer Electronics Show (CES) in Las Vegas. The company's booth, #10436, will be fitted with the newest additions to the GPX product line designed for mounting in kitchens, bathrooms, garage, or work areas – anywhere there's a need or desire for discrete music, news, or video entertainment.

“This is our most affordable and yet beautifully refined group of under-cabinet models yet,” said Bill Fetter, CEO of DPI, Inc. “GPX is the leader in the under-cabinets market. We are excited about the design, features, performance and value of this selection of products. We are confident that this new line of under-cabinets units will further secure our leadership in this market.”

Under-Cabinet Audio/Video Systems

Designed with the kitchen in mind, but appropriate in any area of the home, shop, or office, the two new under-counter AV units from GPX provide the ultimate in convenient entertainment and workplace functionality.

KCLD8887DT Under-Cabinet AV

The top-of-the-line KCLD8887DT encased in silver and retailing for just \$299.99, is a complete and powerful home entertainment package in a perfect flip-down LCD TV package. The large 8.4” LCD TV is cable-ready and equipped with an HDTV/NTSC tuner. Above the screen, a slim drawer allows for DVD/ CD/WMA/MP3 loading. The system's AM/FM stereo radio and TV are both connected to high-quality stereo speakers and, for the busy homemaker or worker; both are easily and remotely operated with a soft-touch magnetic remote control. For full kitchen, or other location functionality, the system has a built-in timer, alarm and an auxiliary input for convenient and easy peripheral device connection.

KCL8807DT Under-Cabinet AV

For only \$199.99 the KCL8807DT audio video under-counter system from GPX has a cable ready, 7" LCD TV screen with an HDTV/NTSC tuner. The digital AM/FM radio has an instant weather band for home and workplace safety with an easy-to-read backlit LCD display. While a kitchen timer with radio or buzzer alarm keeps everyone on time, and the dual front firing speakers ensure that the system's sound quality is excellent! Easily operated with its own magnetic remote control, the new under-cabinet model is molded in silver to match and blend with today's stainless and contemporary decors.

Under-Cabinet Audio Systems

KCCD3817DT and KCCD6817DT

The KCCD3817DT and KCCD6817DT models at \$24.99 and \$34.99 respectively are the perfect addition to any spot where a cabinet and entertainment or information needs collide. Both of the new under-counter systems from GPX are fully featured entertainment centers, each with AM/FM stereo radios and drawer-loaded CD/CDR/RW players sending high quality signals to their own dual, front-firing speakers for superior sound performance.

Designed to eliminate counter clutter, the two units are also equipped with digital clocks timers, and alarms. The KCCD6817 alarm sounds from either the CD or the radio. The new silver units come with their own magnetic remotes and both are line-in, MP3 ready. In addition, for maximum sound control, the KCCD6817DT allows for 4 equalizer presets.

About GPX and DPI, Inc.

GPX is a brand division of the Digital Products International (DPI, Inc.) family of consumer electronic products. For more than 30 years GPX has offered one of the broadest portfolios of technology-driven consumer audio and video products. An award-winning consumer electronics company, GPX has built a solid reputation on excellent product quality, reliability, design and affordability.

DPI, Inc was originally founded 35 years ago as Grand Prix Electronics. The corporate name change to DPI, Inc was initiated to provide a dynamic platform for shared and leveraged services for its consumer electronics product categories while maintaining individual identities for each of its award-winning brands. Currently, DPI, Inc. is the corporate umbrella for the brands iLive, GPX, WeatherX, Crayola and GoVideo. This transition has allowed the company to offer the broadest product offering and most competitive alliances of technology in the audio and video marketplace.

DPI, Inc.'s corporate headquarters in St. Louis, Missouri houses its engineering, logistics and design groups as well as 190,000 square feet of domestic warehouse space to facilitate domestic product sourcing for its customers. DPI, Inc also has offices in Asia that provide engineering, design, logistics, quality control and global product

management services as well as customer direct import services. For more information on DPI, Inc and its products and services, visit www.dpi-global.com
